Provided also that where the actual quantity or measure cannot be ascertained by ordinary method it shall be lawful for the Governor in Privy Council by regulation made under Section 16 of this Law to approve an approximate scale of drawback.

21 On the exportation of bread or biscuit manufactured in this Island of imported flour, there shall be paid a drawback equal to the duty mentioned in the column headed "Preferential Tariff" of the First

Schedule, on the flour used in making the same, but not to exceed the duty payable on a like quantity of bread or biscuit imported.

22. The several drawbacks under this Law shall be subject to the regulations and provisions of the several Acts or Laws for the time being in force with reference to such drawbacks.
23. In construing the language employed in Schedule 2 of this Law to describe articles intended to be free of duty the articles named as free must be considered in their primary character in relation to the use under which exemption is given. When the character of such articles has been added to, modified or changed by embellishment or combination with some other article whose primary character is other than that described against the article on the free list the consideration as to whether the composite article is liable to duty shall be the relative value of the component parts considered under the two schedules of the tariff, viz:—the schedule imposing duty and the schedule granting exemption. If the value of the dutiable portion exceeds the value of the portion coming under a description on the free list then duty shall be charged on the composite article; but if the value of the portion formed by any items appearing on the free list exceeds the value of the portion not exempted then the article considered in its complete character shall be exempt from duty.

No. 593.—The Acting Governor in Privy Council on the 31st July, 1928, under Section 4 of Law 4 of 1869, made the following Rules for regulating the procedure where drawback is claimed upon exportation of merchandise or shipments of stores or where stores are shipped ex-warehouse.

*Rules made by the Governor in Privy Council under Section 4 of Law 4 of 1869, for regulating the procedure where drawback is claimed upon exportation of merchandise or shipment of stores, or where stores are shipped ex-warehouse.*

Save as hereinafter laid down in the case of goods exported through the post, before drawback may be allowed on any goods exported, such goods shall be entered in triplicate in accordance with form A contained in the appendix to these Rules.

2. Full details of any goods to be presented for shipment on drawback must be given on the export entry, which shall be supported, in the case of goods subject to advalorem duties, by the invoice that accompanied such goods on their importation, and by such other documents substantiating the accuracy of the particulars entered as the proper Officer of Customs shall require; provided that if the exporter shall present an extract from or copy of the said invoice, giving all details relating to the package or packages to be exported contained in such invoice, then such extract or copy, on being compared with the original invoice, shall be certified as a true extract or copy by the Officer to whom the export entry is presented, and the invoice may thereupon be returned to the exporter; provided further that in cases where the Chief Officer of Customs at any port shall be satisfied that it is impracticable to produce the said invoices, extracts or copies prior to shipment of any goods for drawback and if he shall be satisfied that an account may be taken of such goods sufficient for purposes of revenue protection, he may at his discretion, and subject to such conditions as he shall deem necessary, permit entry for drawback without production thereof; but in every such case the invoices, extracts or copies certified as aforesaid shall be lodged with the said Chief Officer of Customs within three days of the shipment of such goods.

3. Before any goods shall be examined for drawback, the original and duplicate copies of the export entry shall be produced to the examining officer, together (in the case of goods chargeable with duty advalorem) with the invoice, or certified copy thereof or extract therefrom, and other supporting documents as aforesaid.

4. All goods presented for exportation on drawback shall be shipped in the original whole and unbroken packages in which they were imported, containing the full original distinguishing marks and numbers as shown on the invoice or import entry, and without any additional wrapper or covering of any description. Provided that where under any special provision of the Law for the time being in force, the goods exported are goods returned to the supplier as not being the goods ordered to be imported, the requirement as to whole and unbroken packages may be dispensed with, if the Collector of Customs shall be satisfied that the identity of the goods exported with the goods imported can be established.

5. No goods may be shipped for drawback save from a wharf approved as a landing place having a Special Store attached thereto, provided that in any particular case where the Chief Officer of Customs at any port shall be satisfied that a hardship would be caused by the strict observance of this rule, and if arrangements may conveniently be made for the due examination and immediate shipment of such goods from some other wharf, he may sanction the shipment thereof on drawback subject to such additional conditions as he may deem necessary.

6. All goods entered for drawback shall be examined by the proper officer of Customs at the wharf whence such goods are intended to be shipped, and if, on account of the non-arrival of the exporting vessel, such goods may not immediately be shipped, they shall be removed forthwith to a Special Store at the same wharf and there kept under official custody until the time of shipment; and the officer who conducts the examination shall retain the invoice or certified extract or copy and other documents, and forward them to the shipping officer, attached to the original and duplicate copies of the export entry.

7. The Collector of Customs at the port of Kingston shall issue instructions, subject to the approval of the Collector General, for regulating the extent of the examination of any particular goods or class of goods entered for exportation on drawback at any port; provided that such instructions shall not prevent the said Collector, or the Chief Officer of Customs of any port from requiring in any particular case an examination greater in extent than that laid down in such instructions.

8. Immediately upon the examination of any goods entered for drawback and required by these rules to be taken to a Special Store, such goods shall be plainly marked in such manner and colour as the Collector of Customs of the port of Kingston shall direct; and where any goods so marked are short shipped, the marks shall be obliterated before the goods are removed from the Special Store; and any person who shall remove any package contrary hereto shall incur a penalty of fifty pounds.

9. Upon the examination of any goods entered for drawback, the Examining Officer shall complete the certificate required on the back of both the original and duplicate copies of the export entry, and

where he shall have marked any package in accordance with the preceding rule, he shall state the number and nature of such marks or the information of the officer shipping the goods.

10. At every approved landing place whence goods are at any time to be shipped for drawback, there shall be kept a register of examinations of drawback goods in such form as the Collector General shall require, and where any goods are examined for drawback, a full record of the nature and extent of the examination shall be made therein at the time of examination, or within two hours thereof if it is only practicable to take rough notes of the examination at the time when it shall be made.

11. All goods which shall have been examined for drawback shall, upon shipment thereof, be certified as shipped by the proper officer of Customs in the space provided on the original and duplicate copies of the form of entry; and such certificate shall be supported by the receipt of the Master or Mate of such vessel, and shall state in words the number and kind of packages.

12. No drawback shall be allowed on any goods shipped as stores save upon application in triplicate made according to Form B contained in the appendix to these rules, containing the several particulars required thereby, signed by the Master of such vessel, and showing the full quantity of duty free stores required, whether to be shipped ex-warehouse or on drawback; provided that in the case of a vessel making less than 12 hours stay in port, such application may be signed by the Agent or person duly authorised by the Agent to sign on his behalf, pending the counter-signature of the Master on arrival of the vessel.

13. No greater quantity of goods may be shipped as stores upon any vessel than the Collector or proper Officer of Customs shall deem necessary for the use of such ship, having regard to the number of the crew and passengers on board, and the probable duration of the voyage on which she is about to depart.

14. All goods exported as ships' stores upon which drawback may be required shall be entered in like manner and shall be subject to the same conditions as regards production of invoices and other documents, examination, marking and certification of examination and shipment as goods exported as cargo; provided that the receipt on board of such stores shall be certified by the Purser or other officer responsible for the receipt of stores, and countersigned by the Master.

15. All goods shipped ex-warehouse as ships' stores shall be dealt with in a manner similar to stores shipped on drawback, save that the production of invoices may be dispensed with unless demanded in any particular case by the proper Officer of Customs, and provided further that entry shall be made in duplicate in the form C in the appendix to these rules.

16. Samples of all goods shipped for drawback, whether as merchandise or stores, shall be drawn by the Examining Officer prior to shipment to the extent laid down in any instructions issued by the Collector of Customs, Kingston, with the approval of the Collector General from time to time.

17. Where, owing to the nature of the packing of any goods entered for drawback, it is impracticable or undesirable for them to be examined at the wharf whence they are to be exported, the Chief Officer of Customs at any port may sanction their examination, upon the receipt of a written request to do so, at the premises of the exporter, if he shall be satisfied that such request is reasonable, subject to payment of a fee of 5/- for every hour or part of any hour which the Examining Officer occupies in examining the goods and in proceeding to and from the place of examination, and the payment of the Examining Officer's and/or Guard's out-of-pocket expenses. Provided that every such package immediately upon examination thereof shall at the expense of the exporter be wired and sealed, so that none of its contents may be abstracted. Provided also that such package shall be placed in charge of a Customs Guard from the time of examination until such time as it is delivered into the custody of the proper Officer of Customs at the wharf whence it is to be shipped. Nothing in this rule shall be held to prevent the proper Officer of Customs, should he deem such a course necessary, from further examining such goods at any time prior to their shipment.

18. A record of examination under Rule 17, and of any subsequent examination shall be made as soon as is practicable in the register mentioned in Rule 10, and the certificate of original examination as well as the certificate of any subsequent examination that may be made at the wharf, shall be given on the original and duplicate copies of the export entry.

19. The duplicate copy of each export entry after being compared in the Collector General's Office with the original and certified as correct in all respects, shall be the voucher for the refund of duties claimed as drawback.

20. Goods which have been imported by parcels post may be re-exported on drawback by parcels post in accordance with these rules modified as follows:—

- (a) Submission of goods intended to be exported to a Collector or Sub-Collector of Customs or a Collector or Assistant Collector of Taxes (or in Kingston to the Parcels Post Clerk), for examination shall be considered the equivalent of entry.
- (b) Certificates of examination shall be made by such officer, and recorded in a book at his office kept according to Rule 17.
- (c) If the original Parcels Post Declarant is produced, it may be accepted in lieu of the original invoice.
- (d) The receipt of the Post Office shall be accepted as equivalent to a certificate of shipment.
- (e) The exporter shall notify his intention to export any goods on drawback by Parcels Post in the form D contained in the appendix to these Rules, and such form shall also serve as the voucher for the refund of the duties paid on importation.

21. The Rules made by the Governor in Privy Council on 14th May, 1912, are hereby repealed.

22. These Rules shall come into force on the first day of September, 1928.

Made by the Governor in Privy Council this 31st day of July, 1928.

2. FORESTRY.

There is no Department of Forestry in Jamaica, in consequence of which information is not available as to the acreage of forest lands. The cutting of timber is done spasmodically here and there, but not as a generally recognized industry, and the possibilities of development are not encouraging in view of the broken nature of the country and the lack of transport facilities.

In December, 1927, the Afforestation Law, 1927—Law 33 of 1927 was passed, and on 3rd July, 1928, the Acting Governor in Privy Council, under the power conferred on him by Section 3 (a) of this Law, made an order declaring certain Government lands, aggregating about 30,310 acres, to be a Forest Reserve. On 1st March, 1929, an Assistant Conservator of Forests, attached to the Lands Department was appointed.

In subsequent years, if there has been no material alteration in the buildings or addition to them, it will be sufficient to refer to the Blue Book in which the plans were sent home.

If the Buildings are afterwards altered or enlarged, fresh plans should be sent home with the Blue Book of the year in which the alterations were effected.

## POSTAL INFORMATION.

Letters, Newspapers, Prices Current and Book-packets which are wholly *unpaid* will be liable to a surcharge equal to double the prepaid rate; and if they be insufficiently prepaid, to a surcharge equal to double the deficiency.

Private Post Cards prepaid by means of half-penny postage stamps may be sent by the Inland Post on the following conditions:—

They must be of ordinary card-board not thicker than the material used for the Official Inland Post Card. The maximum size must correspond as nearly as possible with the size of the Inland Official Card, and minimum size must not be less than 4 by 2½ inches.

The rules and regulations relating to the Official Inland Post Card, and to the Official Foreign and Private Post Cards, apply equally to Inland Private Post Cards.

A Private Post Card which does not conform to the above conditions will be treated as a letter and charged accordingly.

The Postage on a parcel must be fully prepaid or it cannot be forwarded.

A Book Packet may not exceed 3 pounds in weight; nor 2 feet in length or 1 foot in width or depth except it be intended for transmission by Inland Parcels Post.

A Parcel may not exceed 16 ounces in weight, 2 feet in length nor 1 foot in width or depth, except it be intended for transmission by Inland Parcels Post.

Magazines printed and published in Jamaica, provided they are issued in consecutive numbers at intervals of not more than 31 days, are admitted to the *inland* mail at ½d. per copy, irrespective of weight.

Newspapers, Prices Current, Book-packets and Parcels must be posted without a cover or in a cover open at the ends or sides so as to admit of the contents being easily withdrawn for examination; the mere clipping of the corners or of the sides of an envelope or other cover is insufficient. They must not contain any letter or communication of the nature of a letter, nor anything that may injure the Officers of the Post Office or the contents of the Mail Bags.

If any letter or communication of the nature of a letter be found in a Newspaper, Prices Current, Book-packet or Parcel it will be withdrawn and surcharged at the *Wholly Unpaid Letter-rate of Postage*. If inseparable the whole Packet will be liable to the Letter-rate of Postage.

The following may, however, be transmitted by Book-post:—

Old Letters, which have apparently passed through the Post before and have served their original purpose.

Copies of Letters which do not bear a present date and which it is manifest are not serving the purpose of *original* letters.

Letters which are intended for publication in a Newspaper or otherwise.

Circulars, *i.e.*, which, according to internal evidence, are being sent in identical terms to several persons and the whole or greater part of which is printed, engraved or lithographed.

Such Letters and Circulars must not, however, be closed in any manner and must be so put up as to admit of easy examination of their contents.

Any letter or other Mail Matter may be registered on pre payment of the Registration Fee and Postage. Packet containing Money, Jewellery or other Value, *must be registered* and must be prepaid at the *Letter-rate of Postage*.

Any Packet found to contain Value, but not registered will be liable to a surcharge equal to double the Registration Fee, *viz.*, fourpence.

N.B.—By Law the Post Office is not liable for the loss of any registered Letter or of its contents, but in order to meet the requirements of the Postal Union Treaty, the Postmaster for Jamaica will be prepared to make good the contents of a REGISTERED LETTER lost while passing through the Post to the extent of two pounds, in certain cases.

PROVIDED—1. That the sender duly observed all the conditions of registration required.

2. That the letter was securely enclosed in a reasonably strong envelope.

3. That application was made to the Postmaster for Jamaica immediately the loss was discovered. (When the complaint is that the contents of a letter have been abstracted the envelope must accompany the application, otherwise the question cannot be entertained.)

4. That the Postmaster for Jamaica (whose decision shall be final) is satisfied that the loss occurred while the letter was in the custody of the Jamaica Post Office and was not caused by any fault on the part of the sender.

The Commission on Money Orders issued is as under:—

Great Britain, United States, Canada, Canal Zone:—

For any sum not exceeding	..	£1	—	Sixpence.
For every additional £ or fractional part		—	—	Threepence.
